## INTRODUCTION

### **Understanding Chinese Astrology and Ben Ming Nian (your Chinese Astrological sign)**

Chinese Astrology is a system that pairs each year with an Animal's physical and symbolic attributes. This repeats every 12 years therefore you will encounter your *Ben Ming Nian*, or your birth year's Animal sign every 12 years. The beginning of each year is termed "The Beginning of Spring" or Li Chun 立春 and it typically commences on the 4th or 5th February each year in the modern (Gregorian) calendar 阳历.

The Year of The Metal Rat 2020 falls on the 4th of February 2020 at 5.03pm. It year does not begin on the Lunar New Year Day which is the 25<sup>th</sup> of January 2020. It is a common misconception to match both events together as they are typically a day or two apart. Therefore, newborn babies of 2020 fall under the Rat astrological sign if they are born on the day of 4<sup>th</sup> of February 2020 onwards.

### **Does an "Astrology Year" denote to an "Unlucky Year"?**

A lot of Chinese people are also strongly superstitious of their *Ben Ming Nian* as it may be a year beset with ill luck due to "offending" the Fortune God Tai Sui. They believe that wealth fluctuations, health setbacks, marriage woes and other related ailments may dog them during the year of their Animal sign. But many people also believe that it depends on the individual and that *Ben Ming Nian* is simply symbolic to life changes that may take place.

As a general rule, one can enhance one's luck and combat any potential bad energy by taking precautionary measures especially during important life matters such as marriage, moving house, travel, starting business. Below are more helpful guidelines on how to further neutralise bad luck.

## 2020 Li Chun Bazi Chart

HH 1703hr	DD 4th	MM Feb	YY 2020
己 earth	丁 Fire	戊 earth	庚 Metal
酉 Metal	丑 Earth	寅 Wood	子 Water

The Year of the Metal Rat 2020 is filled with positive outcomes and opportunities for those who tap into the best locations and avoid (or cure) areas resided by negative stars. This guide is a practical Flying Stars blueprint for optimal performance this year for Wealth, Love, Family and Health.

The year 2020 is called the Metal Rat year. The Heavenly Stem is Yang Metal, whereas the Earthly Stem is Yang Water. This is an auspicious combination that is symbolized by "clear waters" and "shiny metal".

2020 is a Peach Blossom year leading to enhancement in terms of business and cash flow. You stand to gain hugely if you are a seeker of opportunities. The trick is to be clear with your goal and become more social than before - attend functions and networking events to increase your potential and identify suitable business partners. Be prudent in your judgment and do not be selfish this year because your greed will become your downfall.

The arrival of the Seven Red Star in the Central Palace of your home and office may negatively impact your potential. You will find your emotions going haywire at times and exploding tempers may arise if you are not careful. Be mindful of yourself, keep good company and always plan ahead to suppress the energies of the Seven Red.

Your over-emotional tendencies over even the smallest issues is also partly due to the influence of Yang Metal over Yang Water, resulting in overt Water energy. When you are over-emotional, this leads to bad decision-making which negatively impacts the potential that you're working so hard to achieve. Train yourself to stay focused, practice good due diligence, go over all documentation and you will do well this year.

The global or national economy may not be stable this 2020 nonetheless Wood and Fire industries will prosper. Innovations, technology, healthcare, education and traditional Chinese medicine will fare well. Earth, Metal and Water industries are projected to under-perform this year - tourism, hospitality, retail, finance, insurance, shipping, and maritime-related, property, construction, agriculture businesses may not do well.

The best elements for 2020 are Wood and Fire.

A very useful tip this year is to adopt the Chinese proverb 家和万事兴 Jia He Wan Shi Xing. Meaning "if the family lives in harmony all affairs will prosper".

Foster fantastic relations with your family this year, pay extra attention to them and lavish them with your time. Family harmony greatly improves your Career and Wealth luck. Be also a more thoughtful boss or co-worker and participate in active co-creation to enhance your luck further.

Growth is never easy (hence the term "growing pains") but the reward and experience will shape you into the best version of yourself.

## An Introduction To Flying Stars Feng Shui

Feng Shui is a study of invisible energies around us. It is an ever-moving medium and possesses a powerful ability to influence our lives for the better. Though these energies are in constant movement and its shifting energies can be studied to a microscopic degree, the most important and major shift takes place each year during the coming of the Lunar New Year. The terminology of this Feng Shui study is called *Xuan Kong Fei Xing* or Flying Stars Feng Shui.

To harness the positive energies of the Flying Stars, one must understand that each year these Stars shift location every 12 months and affects nine major grids in your home or office. Certain energy types reside in each corner of your home. For instance, one location may be very auspicious to spend a lot of your time in as it is the annual residing place of an especially beneficial Star, while you may need to avoid another spot in your home or office as it is the current home of a rather "unhealthy" Star.

There are also somewhat positive or negative Stars that may not impact you but with rearrangement of energies with the use of recommended cures, a Star's positive attributes can be enhanced while a not-so-positive Star's bad qualities can be suppressed. Follow this Guide to know more about how each Star impacts a location to increase your chances in achieving happiness, financial success and good health for the year.

## A Practical Solution To Enhancing or Suppressing Energies In Your Home And Office

### **1 White Star (Opportunity and Romance) and 8 White Star (Prosperity)**

Financial success and wealth activation areas are within these spots. A water feature such as an aquarium or a desktop fountain will enhance this great location's impact. Do spend big amounts of your time here as well.

### **2 Black Star (Sickness)**

A location infested with Health setbacks. This area is literally poison to your physical and mental wellbeing therefore you stand to gain a good deal by making only minimal use of this area. You may also further quell this bad Star with pendulum clocks, metal wind chimes, metal ornaments and coin tassels. If you have a bronze singing bowl or a metal bell used for energy cleansing, utilise these items to neutralise the bad energy here.

### 3 Blue Star (Quarrelsome/Conflicts)

Possible miscommunication, conflicts and arguments are aplenty if you spend too much time here. Minimise the bad energies by decorating this area with metallic items such as ornaments and other cures. A red coloured carpet or lamp may also do wonders to keep the disagreements at bay.

### 5 Yellow Star (Misfortune)

Not only does this Star harbour ill intentions to your productivity, it actively tries to put your positive actions to a halt. If you are keen to keep it a smooth year ahead with no untoward setbacks, spend only minimal time in this area. To cure the bad energies, place a glass container filled with salt water and place six coins within. Please make sure that the bowl is made of glass or porcelain. A musical box will further neutralise the bad luck, as will metal based ornaments, a pendulum clock or a wind chime. Do you own a bronze singing bowl or energy clearing bell? Make use of these items here.

The arrival of the Seven Red Star in the Central Palace of your home and office may negatively impact your potential. You will find your emotions going haywire at times and exploding tempers may arise if you are not careful. Be mindful of yourself, keep good company and always plan ahead to suppress the energies of the Seven Red.

Your over-emotional tendencies over even the smallest issues are also partly due to the influence of Yang Metal over Yang Water, resulting in overt Water energy. When you are over-emotional, this leads to bad decision-making which negatively impacts the potential that you're working so hard to achieve. Train yourself to stay focused, practice good due

A very useful tip this year is to adopt the Chinese proverb 家和万事兴 Jia He Wan Shi Xing. Meaning "if the family lives in harmony all affairs will prosper".

Foster fantastic relations with your family this year, pay extra attention to them and lavish them with your time. Family harmony greatly improves your Career and Wealth luck. Be also a more thoughtful boss or co-worker and participate in active co-creation to enhance your luck further.

## Flying Stars Feng Shui Forecast For Year 2020

### North - Quarrelsome (3 Jade Star 三碧)

The Three Jade Star brings to the North a quarrelsome energy that can drive away joy and positivity from one's life. This star is one to bring setbacks upon setbacks such as legal disputes, work-related issues, health complications and even theft. Do consider escaping from these potential ills by relocating your bed or desk located in the North this year.

Furthermore, the Three Jade may lead you to "stuck" cash flow or loss of finance, bad blood between family members and on the health front, a beloved family member may suffer from ailments related to the bladder.

Aside from physical health setbacks, your mental well-being may also be attacked. Your calm, rational thinking may be overtaken by incredible anger and resentment, leading to arguments when none is necessary. Because you or others may oftentimes fail to control tempers during these outbursts this may lead to loss of income and battered relationships.

Consider a temporary relocation from the North – this is the best option for you. Move your important things from this area and work or play elsewhere.

If you have no option to relocate, soften the blow of this ominous star by staying mindful of your oftentimes rising temper. Keep yourself calm, relaxed and "Zen"-like at all times. On top of that, cure the North with the Feng Shui solutions below.

Those who will be more affected by the Three Jade this year are those born under the sign of the Rat, a 16-30 yr old male, and Gua 1 people.

### **Feng Shui Solutions**

As the Three Jade Star is of the wood element, use metal. Metallic-based figurines and cures are good for the North as it limits the potential dangers of this quarrelsome star. Metal sculptures, brass bells and windchimes are also suitable choices. As the North is the annual residence of the Grand Duke (Tai Sui), subdue further potential ills by not conducting any kind of renovation or major construction work in this location. If your main door is located in the North, place a red doormat at the entrance.

It is especially important to be mindful of creating a good layout in the North this year as it will greatly assist in minimising the Three Jade Star's bad energies that cause misfortune, loss of cash and health setbacks related to the bladder.

### NORTHEAST: Opportunity and Romance (1 White Star 一白)

The One White is the "superstar" of the Flying Stars system, bringing fame, opportunity and recognition energies. It's a great reputation enhancer and if you are looking to gain

recognition at work or even seek fame on a bigger scale, tap into the Northeast this year. If your main door is here, you will be blessed with wonderful tidings throughout 2020.

The One White is also a great star to tap into if you are seeking love and companionship. Romance luck is on a high at the Northeast this 2020, therefore those who wish to be in a relationship or enter a commitment such as marriage should spend lots of time here.

This magical star carrying wonderful energies will particularly enhance those born under the signs of the Ox and Tiger, the eldest daughter as well as Gua 8 people.

### **Feng Shui Solutions**

The Northeast is one of the best locations of the year, but if the external formations surrounding your home or office is not the best you may find yourself feeling the blues at times. Enhance this spot with metallic décor. Alternatively, decorate the Northeast with pictures of famous or inspirational people whom you admire.

### **East - Misfortune (5 Yellow Star 五黄)**

The Five Yellow is the most inauspicious star in the Flying Stars system and brings about negativity, misfortune, accidents and even irreparable disputes. This year, it lands in the East of your home and office. The Five Yellow is best left to itself, therefore do not spend time here whatsoever and halt any renovation or construction works here for the time being.

Those who are born under the Rabbit sign, a middle-aged male, and Gua 3 people may be the most badly affected with gall bladder or liver ailments, feet or legs issues. Keep the East area quiet and unused; alternatively, follow the Feng Shui solutions below.

### **Feng Shui Solutions**

Avoid warm colours (reds, oranges, yellows) in the East this year and remove soil-based potted plants as well. You can also try to weaken the energies of the Five Yellow with metal-based décor items such as wind chimes, a musical box or a glass or porcelain container, fill it with a with salt solution (1/3 sea/rock salt and 2/3 water) with six coins inside. This is called a saltwater cure 安忍水. If relocation of your main door isn't possible, place a grey or white carpet to this area. Implement these recommended remedies before the Lichun sets in at 5.03pm on the 4th of February 2020.

Sidestep possible occurrences of accidents and bodily harm by donating to your hospital's blood bank early this year. Be very careful when you are driving and faithfully follow the rules at all times.

### **Southeast - Power and Promotion (6 White Star 六白)**

The Six White star 六白 is also known as Wu Qu and it brings wonderful prospects to power, success and promotions. Whether you want to achieve incremental or windfall success, the Six White is of amazing value to you this year therefore spend as much time as you can in the

Southeast this year. It also increases your persuasive skills and power in authority – a good area for ambitious businesspeople.

If you are born under the sign of the Dragon and the Snake or if you are a Gua 4 person, you will be able to experience the auspicious energies of the Six White more.

Though the Southeast is generally positive, those who have beds or bedrooms in this location may need to pay attention to their health prospects just to be on the safe side as you may possibly encounter issues related to your teeth, arm, spleen and shoulder.

### **Feng Shui Solutions**

Enhance the prospects of the Six White with a display of décor pieces such as earthenware, crystals, bells made of copper or brass, music boxes as well as metal ornaments. Do avoid water-based cures.

### **South - Sickness (2 Black Star 二黑)**

The Two Black star is one of the most negative stars in Flying Stars as it has powerful potential to attack one's health prospects to a severe degree. Its aim is to destroy your well-being and in turn, affect your life quality. The Two Black most likely attacks the eyes, heart, tongue, small intestines and the stomach. It also causes accidents related to burns and scalding. Aside from weakening your health outlook, this star is also capable of driving romantic couples apart and bring misfortune over an entire household if one is not careful.

Those who are potentially more affected by the bad energy of the Two Black are those born under the sign of the Horse as well as Gua 9 people. Needless to say, senior-aged ladies and pregnant women should steer away from 2 Black as much as possible. There are possible health setbacks for these people, especially ailments related to the eyes. Follow the Feng Shui solutions below to minimize the impact.

The strongly inauspicious energies of the Two Black this year is strengthened due to its placement in the South, affecting and damaging Tai Sui, the auspicious Grand Duke Jupiter. The South is also the residing place of Three Killings and last but not least, one may mistakenly awake Sui Po, or Wrath of the Grand Duke. Please avoid all manner of renovation or construction work here and keep the South quiet and unused at all times. If relocation from the South is not possible, follow the solutions below to soften the Two Black.

### **Feng Shui Solutions**

Keep the area clean and clutter-free. Place a glass or porcelain container in the South, fill it with salt solution (1/3 sea/rock salt and 2/3 water) with six coins inside. This is called a saltwater cure 安忍水. A few metallic ornaments and items will also do well to lessen the negative energies of the South.

Other suitable cures are wood figurines, clay sculptures and potted plants. If your front door, bedroom or kitchen is in the South, display a floor mat or carpet in blue, black or grey.

### **Southwest - Academic and Romance (4 Green Star 四绿)**

The Four Green star resides in the Southwest this year and it governs one's luck in career, studies and examinations. Needless to say, families with children will reap wonderful rewards when tapping into the Southwest this 2020. Conduct all related activities in this location to assure positive outcomes in examinations and reports.

Those who are looking to enhance Love and Romance matters will also do well in the Southwest. The energy here is incredibly powerful and the chances of securing a strong relationship are fair.

This area will greatly affect Goat, Monkey, the mother, the older female of the family, and Gua 2 people.

### **Feng Shui Solutions**

Enhance academic luck by placing fresh green plants such as bamboo stems tucked in a vase filled with water. Displaying four Chinese calligraphy brushes in the Southwest in a decorative fashion is also a good enhancer. For those seeking a relationship, decorate this area with fresh flowers.

### **West - Celebration (9 Purple Star 九紫)**

Joy, happy events and great communication rule the West as the Celebrations Star Nine Purple resides here for the year. The West location is touched by a positive force, bringing good cheer and closeness between friends and family. Of all the nine stars of Xiang Kong Flying Stars Feng Shui, this star has the unique potential to literally "multiply" the good energies of the other stars of the system. The Nine Purple enhances popularity, fame and physical attractiveness.

Devote plenty of time here. Couples who seek to get married and go-getters of business will do well by using the West to spend quality time.

Those born under the sign of the Monkey, Rooster and Dog as well as Gua 7 people may experience the effects more than others. If your West sector is not well supported by external formations and environment, you may sometimes feel hot-tempered and impatient. You may be more prone to having respiratory problem, mouth or oral disease, throat, lungs, and spine.

### **Feng Shui Solutions**

Ensure the West is maintained well – clean clutter-free, fresh-smelling and inviting. Place a red carpet, plants, bright lights and scented candles. Remember to keep the area illuminated and airy – this will power-up the Nine Purple energies. Red flowers are also good enhancers.

### **Northwest - Prosperity (8 White Star 八白)**

The Northwest is the Wealth Palace of 2020. The auspicious Eight White is in residence and it beckons incredible cash flow energy to all in the household if utilized correctly. There is happiness, fun and excitement – wonderful active energies that magnify your wealth activation further. Spend a good chunk of your time here to enjoy its tremendous energies.

If possible relocate your workspace to the Northwest and conduct meetings here.

The males of the family, people born under the sign of the Dog and Pig as well as Gua 6 people will reap the best rewards.

### **Feng Shui Solutions**

Remember to keep the energies at a constant, breezy flow. If the main door, bedroom or workspace is located here, keep the space airy and ventilated. Keep windows open as well. Use crystals, candles, lights, earthenware and stone sculptures. You may redecorate with warm colours of yellows, oranges and reds for the space. A red carpet or floor mat is ideal. Try to think minimalist, though, and don't over-decorate. Use only what sparks joy. Put your TV, laptop, sound system or radio to enhance the good energies here.

### **Center - Robbery Seven Red (七赤)**

The Robbery Star Seven Red resides in the center of your home this year. It brings foul energies with it such as loss of income, aggressive tempers, health setbacks, accidents, hospitalization, extramarital disasters and even addiction to substances such as alcohol. The center of your home requires curing with Feng Shui ideas to lessen the blow of the Seven Red and suppress its worst tendencies.

Interestingly, though the center location does not seem useful it can nonetheless activate your skills in the arts and entertainment. Therefore cure the area and spend some time here if you are especially keen to develop your artistic talent.

### **Feng Shui Solutions**

Avoid clutter in the central area of your home and keep away swords and other sharp objects from this space. If your bedroom is located in the center of your home, relocating is unlikely however you can suppress the powers of the Seven Red with tasteful potted plants and a few candles, a green or red floor mat.

## Explanations On Afflicted Areas In Your Home And Office For The Metal Rat Year 庚子年

### **Tai Sui 太歲 Grand Duke Jupiter in North 2 (352.5-7.5 Deg)**

The Grand Duke Jupiter is in residence of the North 2 this 2020. It is best to not disturb the energies of this location to avoid activating bad energies that may arise and affect your life be it personal or professional – renovations, construction work and related activities are not recommended at all. In fact, stay clear from this area completely. If you have your bedroom or working space here, I would strongly urge you to relocate (just for the year). If you find this an impossibility be sure to not sit facing your back to this direction – meaning, look to the South 2 rather than to the North 2. This allows you to minimise the bad energies somewhat and tap into Tai Sui's luck prospects, enhancing work abilities.

### **Sui Po 歲破 Year Breaker in the South 2 (172.5-187.5 Deg)**

Sui Po is also commonly known in Feng Shui circles as "Wrath of the Grand Duke". This year, it resides in the South 2 area. This is an unhappy place indeed so it's a good idea to simply cordon off this spot for the whole year. Don't spend time whatsoever here and there should be no light nor noise here to activate the ill luck. Sui Po is oftentimes thought of as worse than Tai Sui, so be aware.

### **San Sha 三煞 Three Killings in the South 2 (157.5-202.5 Deg)**

Avoid renovations, construction work and ground-breaking activities here as you want to keep the Three Killings occupying the West sector this year as quiet as possible. Serious setbacks such as violence, accidents, diseases, prosecution and theft is in store for those who insist on renovating the West and this may cause serious financial and reputation loss and health complications. To quell the bad energies here and to keep them at a minimum, avoid sitting with your back facing the South and instead sit facing it. San Sha affects all people negatively but those born under the sign of the Horse may feel the effects more.

### **Wu Huang 五黃 Five Yellow Misfortune Star in the East (67.5 - 112.5 Deg)**

Take note that the East is an inauspicious location. Setbacks, obstacles, family troubles and other related problems will beset you as this is the influencing energies of the 5 Yellow star. This area should be kept as quiet as possible – no loud noises such as music or lively

conversation should take place here. Metal sculptures, a metallic bell or bowl will subdue the bad energies further. Don't go for any renovation or construction projects here as well.

### **Renovation And Construction Work Tips**

In 2020, it is best to AVOID groundbreaking activities in East, South & North.

If groundbreaking, digging, renovation and construction activities must proceed at the afflicted locations this year and there is no room for a postponement to next year, reduce or offset the impact of these afflictions by choosing the time and date wisely.
