OVERVIEW OF THE YEAR OF THE WOOD DRAGON 2024

This is a general overview of the year of the Wood Dragon of 2024, and serves as a guide to make sure that you experience the best outcomes by upgrading your prospects in all major life matters namely Wealth, Career, Love, Family and Health, while suppressing all the potential negative setbacks for a smoother road ahead. This guide not only covers your prospects, but also your work colleagues and loved ones, too.

It is my hope and wish that you will receive all the guidance and wisdom you need to feel fully empowered to take that joyful first step, get in charge of your life, and alter your destiny to work in your favour. Also, please do not be over-alarmed by some of the more challenging forecasts that are explored in the reading of the Wood Dragon year 2024, and take heart in the more positive predictions ahead. Make use of the information as a guideline to make the best, informed decisions when moving forward with your plans, for the happiest outcomes!

The most important reminder is to take action, at the right time. Make use of the good energies of your home and office to increase your potential and boost all opportunities. There may be some ups and downs ahead, but keeping the faith and trusting your heart's desires will lead you to wonderful results in the end.

Let's Begin

There are 12 animals in the Chinese Astrological kingdom. For the year of the Wood Dragon of 2024, the animals with the most auspicious outlooks are the lucky Rooster, Ox, Rat and Pig. The ones that fare second-best this year would be the Snakes, Tigers, Goats, Dragons and Monkeys.

In the Chinese tradition, the Dragon is in conflict with the Dog. Thus, Dog people are cautioned to be extra-careful with their actions this year and to never partake in quick decision making. 2024 is nonetheless a great year for you to be fully productive in your chosen field, as rewards are likely for the hard-working Dog.

As for Dragon people, you are entering your namesake year, also known as Ben Ming Nian 本命年, and this unfortunately means that you are “offending” Tai Sui, the ruling god of the Chinese year system. Along with the Dragon, the four animal signs below are also potentially in conflict with Tai Sui:

- Ox people aged 75 (born in 1949), 51 (born in 1973) and 15 years old (born in 2009)
- Dog people aged 66 (born in 1958), 42 (born in 1982) and 6 years old (born in 2018)
- Goat people aged 33 years old (born in 1991)
- Dragon people aged 60 (born in 1964) and 24 years old (born in 2000)

Challenging setbacks may be afoot for these animals, but this can be managed and even completely side-stepped by keeping a Zen-like calm even during the most over-emotional moments. As well, do not commit to big life changes this year, and focus on communicating clearly at all times. Dragons, you will also do well to be thorough when making critical decisions, and don't forget to carefully strategize your career moves down to a tee! If you are needing support from those around you, Horse and Goat people will be of great service to you this year.

Li Chun 立春, The Beginning of Spring

Li Chun 立春, The Beginning of Spring, marks the accurate beginnings of the Chinese Astrological year. Li Chun falls on each 4th February of the year, and does not begin on the Lunar (Chinese) New Year, which is on the 10th February of 2024. It's common but quite inaccurate to view Li Chun and the Lunar New Year as one and the same.

Li Chun is on the 4th February 2024 at 4.27pm, therefore this signifies the actual beginning of the Wood Dragon year of 2024. It is also known as the Year of the Green Dragon, as the colour of wood may come in many hues of greens.

The Blind Year

Interestingly, 2024 sees us entering a "blind year" in regards to Li Chun's arrival. Because the Lunar New Year begins on the 10th February 2024, whereas Li Chun, the Beginning of Spring, arrives on the 4th February 2024, this means that Li Chun is upon us before the Lunar New Year – therefore, Li Chun's "hidden" nature this year brings us to a blind year event.

In ancient Chinese traditions, a blind year is an unsettling state of affairs because in the olden days, communities would start the year's farming work on the day of Li Chun itself. The weather forecast of Li Chun also indicates one's annual luck in terms of harvest productivity. As it seems inappropriate to commence the beginning of the year's harvest work on Li Chun that falls many days before the Lunar New Year, the Wood Dragon year of 2024 is off to an already challenging start before it's even begun!

There is no need to worry overmuch about the blind year, though, as this is merely a reminder of past Chinese customs that are no longer observed by the majority of the Chinese. It simply shows us that in some aspects, Li Chun is far more important than the Lunar New Year.

General Overview of BaZi Four Pillars of Destiny Chinese Astrology for 2024

The year 2024 sees the arrival of the Yang Wood Dragon (Jia Chen), whereby Wood and Dragon, respectively, make up the stem and branch of the BaZi Four Pillars of Destiny Chinese Astrological system. Specific stem-and-branch combinations repeat themselves every 60 years, thus the previous Wood Dragon year fell on year 1964, and the future one will present itself in year 2084.

According to the BaZi, the year of the Wood Dragon 2024 is more specifically known as Yang Wood on Dragon, which in Chinese is known as Jia Chen 甲辰. Yang Wood, or Jia 甲, symbolizes gigantic tree formations. Whereas Dragon, or Chen 辰, is represented by Earth as well as Wu 戊 Earth, Gu 癸 Water and Yi 乙 Wood. Wu Earth is akin to mountain structures, whereas Gui Water is rainwater and droplets in ponds, mountains as well as lakes. Yi Wood is symbolic of grass and greenland.

When taken together, Wood Dragon, or Jia Chen 甲辰, is like a huge tree that sits on top of a high mountain. The Wood element represents life, vitality, spring, growth, creation, innovation, new ideas and new careers. Thus, year 2024 is a great period for you to move forward with a fresh purpose, and explore new avenues of value creation.

On the down side, the Wood element of Jia 甲 counters the Wu 戊 Earth element of the Dragon, therefore this may possibly denote to earth-related natural disasters such as earthquakes. In the personal front, you may potentially encounter health issues related to your spleen and stomach, so do partake in self-care as well as undergo a full medical check-up to keep yourself informed and safe from any harm.

On a positive note, the prices in the property business is dwindling, so if you have had your eye on any building or residence, the year of 2024 is a great time to strike a deal and make that investment.

Going deeper into the BaZi reading of 2024, the Day Pillar of Wu 戊, Yang Earth over Dog 戌, Yang Earth, and is indicative of imbalance, or a dryness in the time of spring. The element of Water, representing Wealth, is not present. Imagine a farming landscape that is lacking in growth because there is no moisture. The Fire element can counter this situation by enriching Earth, and luckily for us, Fire is present in the first half of the year of 2024. Utilize this knowledge and implement any important project in the earlier half of the year, because come Autumn and Winter season, the Fire element will wane.

The dryness of the year of 2024 may possibly cause water shortages, droughts, construction incidents, impairment of road systems and even earthquakes. Do take note that these are potential mishaps only, and there is no cause for alarm. It is however a good time to adopt a greener and more eco-centric mindset by embracing environmental, social and governance (ESG) values, which is a much more sustainable way of life and also effectively counters the setbacks mentioned.

The Yang Earth energy of year 2024 also denotes to a slowing down of Metal-related industries such as finance, automobiles and heavy metals. Whereas Fire-based businesses will thrive in year 2024, and this includes fintech services such as application programming interface (API), artificial intelligence (AI), cyber security, information technology, virtual reality (VR) applications and robotic process automations (RPA) as well as other industries such as blockchain technologies, online retail and solar energy.

As a general rule, businesses that are quick to adopt new technologies such as automation as well as strong marketing and communication strategies will do very well this 2024.

Investments

Here are some quick and helpful pointers to take note of.

- 5th April 2024 to 5th May 2024 – this is the Solar third month. Keep your eye on all your investments during this period and do not under any circumstances speculate on any project.
- 15th June 2024 and 14th August 2024 – do not partake in any type of gambling or speculating whatsoever.
- 8th October 2024 to 6th November 2024 – this is the Solar ninth month. You may invest during this time, but do so with extreme caution at every step.

INTRODUCTION

Understanding Chinese Astrology and Ben Ming Nian (your Chinese Astrological sign)

Chinese Astrology is a system that pairs each year with an Animal's physical and symbolic attributes. This repeats every 12 years therefore you will encounter your *Ben Ming Nian*, or your birth year Animal sign every 12 years. The beginning of each year is termed "The Beginning of Spring" or Li Chun 立春 and it typically commences on the 4th or 5th February each year in the modern (Gregorian) calendar 阳历.

The Year of The Wood Rabbit 2024 falls on the 4 February 2024 1627hrs which is the official start of the Wood Dragon 2024. The year does not begin on the Lunar New Year Day which is the 10 February 2024. It is a common misconception to match both events together as they are 2 separate dates. Therefore, newborn babies of 2024 fall under the Dragon astrological sign if they are born on 4 February 2024 1627hrs.

Does an "Astrology Year" denote an "Unlucky Year"?

A lot of Chinese people are also strongly superstitious of their *Ben Ming Nian* 本命年 as it may be a year beset with ill luck due to "offending" the Fortune God Tai Sui. They believe that wealth fluctuations, health setbacks, marriage woes and other related ailments may dog them during the year of their Animal sign. But many people also believe that it depends on the individual and that *Ben Ming Nian* is simply symbolic to life changes that may take place.

How to maximise the potential for a smooth year

As a general rule, one can enhance one's luck and combat any potential bad energy by taking precautionary measures especially during important life matters such as marriage, moving house, travel, starting business. Below are more helpful guidelines on how to further neutralise bad luck.

- Practise kindness. Help those around you more and be involved in charity work
- Celebrate milestone events enthusiastically - marriages, birthdays, anniversaries and achievements
- Do your due diligence, minimise risk and always strategise exhaustively when choosing anything important
- Try to go with the flow and be more open to different ways of thought
- Self-help and self-improvement pursuits will serve you well this year
- Avoid negative thoughts and hateful speech
- Keep away from those who harbour toxic personalities, regardless of how close they are to you
- Lift yourself emotionally and keep positive. Smile more

As the famous Star Wars movie character Yoda famously said, "Fear Leads to Anger. Anger Leads to Hate. Hate Leads to Suffering", be mindful of your heart feelings, your thought process and the words that you speak. These are powerfully influential to your makeup as a person and keeping things loving and positive will do wonders in empowering you and increasing your potential for success and achievements.

A very useful tip is to adopt the Chinese proverb 家和万事兴 Jia He Wan Shi Xing. Meaning "if the family lives in harmony all affairs will prosper".

Foster fantastic relations with your family this year, pay extra attention to them and lavish them with your time. Family harmony greatly improves your Career and Wealth luck. Be also a more thoughtful boss or co-worker and participate in active co-creation to enhance your luck further.

OVERVIEW

This is the year where your dreams may come true, Rat, and that the next twelve months ahead is set to be filled with joy and lots of abundance! The arrival of the positive stars Jin Kui 金匱 Golden Lock Star, Lu Xun 禄勋 Official Merit Star, Jiang Xing 将星 General Star and San He 三合 Three Harmony Star in your astrological chart means that you, Rat, are set to be blessed with strong energies related to your wealth prospects, growth in investments, power, authority, leadership, career advancement luck, and fruitful networking all year long.

As your Wealth and Career outlook flourishes this year, so too will your personal life. You'll see your social standing elevated to great heights. For the best gains this Wood Dragon year of 2024, work as productively as possible, trust your own judgment to make good choices, and cram your calendar filled with social get-togethers to expand your network of contacts.

WEALTH

Jin Kui 金匱 Golden Lock Star is in alignment with the astrological chart of the Rat, and this means strong performance in wealth activation. Jin Kui 金匱, translated to English, relates auspiciously to a chest of gold, so do look forward to a steady accumulation of cash flow as well as a positive career and business outlook this year. The ambitious Rat may receive an unexpected windfall, raise or bonus! If you are involved in investment work, a good tip is to trust your instincts, and avoid making decisions based on the 'herd mentality', or what others are thinking of doing. Warren Buffet says it best – be fearful when others are greedy, and greedy when others are fearful. Rat people who are of Gua 1, or are men aged from 16 to 32 years old, will stand to benefit the most this year from Jin Kui 金匱 Golden Lock Star.

CAREER

Jin Kui 金匱 Golden Lock Star ensures that the Rat person will see smooth sailing in career or business, with strong wealth accumulation prospects. To strengthen your Career luck further, do work in the North, Northeast, East or Southwest locations of your home and office. Ventilate the air often to keep the energy, or Qi, stimulated and running positively towards your favour. The presence of Lu Xun 禄勋 Official Merit Star relates to good opportunities and successful outcomes, therefore take full advantage by grabbing all interesting projects that come your way.

Jiang Xing 将星 General Star in your orbit symbolizes power. It brings more career advancement luck and business venture opportunities coming your way! You will also see an elevation in your authority status as you make friends with people in the upper levels of society such as corporate business heads, and even political leaders.

San He 三合 Three Harmony Star enhances your social skills, seeing you cultivate your networking skills all the more this 2024.

As your career progresses to newer heights, be mindful of the somewhat negative Tian Xiong 天雄 Sky Warrior Star that hinders your progress. Suppress its energies by being sensitive towards the feelings of others and when you're flying high up the career ladder, remember to be modest, humble and low-profile.

HEALTH

Bai Hu 白虎 White Tiger Star in your chart indicates mishaps and obstacles, leading to mental stress. To manage this star is to manage your emotions, so always choose a peaceful and calm outcome in all things, Rat. As well, be courteously thoughtful even towards the most troublesome individuals that come your way. Aside from this, on the more practical end, suppress Bai Hu 白虎 further by examining all important documentations thoroughly, keeping your personal safety a priority during travels, and avoiding from participating in any sports that can lead to serious bodily harm. You can "squash" the energies of Bai Hu 白虎 further by placing a bottle of salt water with 6 copper coins in the Southeast and West areas of the home and office.

The presence of Pi Tou 披头 Drape Head Star means that the year 2024 is a time for you to be more attentive towards the seniors in your family, and keep these loved ones happy with plenty of celebratory occasions to increase their life quality and immune system, and to avoid any unwanted health setbacks for them. Festive occasions will improve your luck, too. On a more serious note, do avoid attending funerals for the year as this is an unlucky activity for you. Pi Tou 披头 is also a sign of vicious backstabbing by nasty individuals who want to bring you down, so be "Zen"-minded about petty chatter by nosy people and rise above the idle talk by keeping a low profile, keeping humble, and being thoughtful about the kind of company that you keep.

RELATIONSHIP

San He 三合 Three Harmony Star's exciting energy makes you a social butterfly this year, therefore the year of the Wood Dragon is an auspicious moment for you to expand your circle and reach as high as you can, with a good chance of penetrating the uppermost levels of society! It will be an enjoyable year of making new friends and learning new things. In love

matters, 2024 is a year of great romance, passion and deep connection for the single and attached Rat alike.

Tian Xiong 天雄 Sky Warrior Star carries communication setbacks to your astrological chart regarding miscommunication, so always be diplomatic with your words; in fact, over-explain yourself if need be, and be quick to clear up any misunderstandings that may come up.

Fortune Virtue Star, Tian De 天德 Heavenly Virtue Star and Yu Tang 玉堂 Jade Hall Star. Obstacles that may have hindered you in the past will disappear, high-born individuals of authority will step into your life and assist you towards success in career prospects, social get-togethers will be abundant, and wealth-activating energies will compel you to work harder and you will enjoy deep job satisfaction in return! The Northeast sector of your home and office is particularly auspicious for the Ox person this year, so it's a good idea to spend lots of time there.

WEALTH

Yu Tang 玉堂 Jade Hall Star promotes good wealth flow, therefore do plan in advance to become more disciplined with your money management skills. If windfalls are imminent, secure the services of a fund manager to minimize risk. Also, Ox, do spread your wealth to those in need because when you give, you will receive.

Fu De 福德 Fortune Virtue Star and the Tian De 天德 Heavenly Virtue Star removes challenges that come your way, providing you with a smooth road ahead! People of power and authority will come to your life to neutralize bad luck, and pave the way for more opportunities.

On the down side, Guan Fu 官符 Officer Charm Star is in your chart this year, carrying possible misfortunes such as gossips, scams, scandals, lawsuits and money loss. Reduce Guan Fu 官符's bad effects by being very careful with all documentations going forward, and avoid anything that smells remotely fishy to you – if it's suspicious, it probably is. Trust your judgment. At the same time, be courteous to everyone around you, regardless of who they are and what you've heard.

CAREER

Fu De 福德 Fortune Virtue Star and Tian De 天德 Heavenly Virtue Star creates new channels of opportunities for you, and noble people will come to your life to bring excellent career prospects for successful outcomes.

Tian Yi 天乙 Heavenly Aid Star also brings career luck especially when you engage with others, so make a note to socialize more this year.

Yu Tang 玉堂 Jade Hall Star brings wealth luck, resulting in an increase in income.

Ba Zuo 八座 Eight Seats Star provides mentorship energy via supportive individuals to help you to excel and it enhances your good name, brings promotions and elevates your authority! Furthermore, Ox people who require to undergo examinations will do great this 2024, thanks to this auspicious star.

Conversely, Jiao Sha 绞煞 Crossing Sha Star, Juan She 卷舌 Curled Tongue Star and Guan Fu 官符 Officer Charm Star in your chart brings some 'havoc' energies your way, and they seek to diminish your great career prospects. Rumour-mongering, legal setbacks, loss of cash, scams and other related issues may befall you, leading to damaged relationships with loved ones and colleagues alike. You'll end up looking like the 'bad guy' without meaning to at all. Avoid all these pitfalls by being hyper-vigilant when you're looking at all documentation – in fact, if you don't trust your judgment, seek help from your mentors. Also, be thoughtful towards those around you.

On a more interesting note, the presence of Ban An 扳鞍 Pull Saddle Star brings contradictory luck to your career this year, Ox. On one hand, it brings tremendously positive energies in driving your work forward (Ban An 扳鞍 literally translates as saddling up to race). On one hand, travels or international business dealing will benefit you greatly this year, while entrepreneurial Oxen will see recognition and returns, and those who are employed may be promoted. On the other hand, the overtly positive energies of Ban An 扳鞍 may lead to stress, anxiety and even panic at times when you're extremely busy at work. The pressure may be a little too intense sometimes, so suppress these setbacks through self-care, Ox. Breathe, and take one step at a time. Forgive yourself for any mistakes, pace yourself, and make sure that

you're fully present when you're going through important documents. It's much, much better to postpone important matters this year than to rush yourself especially when you're feeling not yourself, because things may not go well if you don't put your well-being first when need be!

HEALTH

Tian De 天德 Heavenly Aid Star gives you mental clarity, leading you to have a peaceful, almost "Zen" like outlook this 2024! As a general rule, any petty grievances melt away easily from your mind. On the physical front, the Ox will enjoy excellent health prospects all year long. As you're working hard focusing on building your wealth and career, take care of your body. Adopt healthy habits such as good nutrition and sleeping habits, as well as doing plenty of exercise.

RELATIONSHIP

The presence of Tian De 天德 Heavenly Aid Star brings great love luck to the Ox's life this year! If you're single and ready to mingle, the Wood Dragon year will give you lots of opportunities to do so. On the down side, Tian De's 天德 overly-strong romance energies may cause potential extramarital issues, so the attached Ox will do well to steer clear from third party individuals that show romantic interest towards you.

Gua Su 寡宿 Widow Star in your chart makes you feel a little lonely sometimes, and it also "attacks" the harmony between your family members at home. Foster a stronger relationship with your loved ones with regular quality time together, to dispel its negative effects.

Juan She 卷舌 Curled Tongue Star relates to gossips, disputes, arguments and mean comments swirling around you, and this may affect your mood, and injure your low self-esteem as a result. Stay calm, Ox, and don't react immediately. Take your time to speak cautiously, especially when

it comes to business. You can weaken the Juan She 卷舌 considerably by decorating the Central area of your home and office with crystals, or an earthenware vessel with eight pebbles inside.

2024 Wood Dragon Year Flying Stars Analysis 甲辰年玄空飞星图

(beginning on 4 February 2024 1627 hrs till 3 February 2025 2209hrs).

An Introduction To Flying Stars Feng Shui

Feng Shui is the harnessing of energy forces which surrounds our environment to maximise our potential in life. The term Feng Shui translates to "wind" as well as "water", and these elements are responsible for directing the flow of universal energy, or "Qi", through one's living space. The study of Feng Shui, therefore, taps into these energies in a harmonious way to enhance and improve upon the outcomes of all matters related to our wealth, health, relationship and family prospects.

In the Xuan Kong Flying Stars method of Feng Shui study, it is believed that an important and major energy shift takes place at the beginning of each year (marked by the Lunar new year) and in the ensuing twelve months ahead, the Qi around us will be mostly governed by this change. One's residential or business space is split into nine major grids whereby a certain energy type, disclosed as a "star", resides in each grid.

As an example, a certain location is inhabited by an especially beneficial star, therefore it is recommended to spend lots of time in that space. Conversely, another grid is infested with the negative forces of an undesirable star, hence that area should be cordoned off from any meaningful activity for the rest of the year to avoid mishaps. There are also locations at home and in the office that are governed by stars that may not be very impactful but with the use of recommended cures, the positive attributes are enhanced whereas the bad qualities are suppressed.

Take note of this guide and the tips provided to enhance your life with happiness, financial success and good health throughout the year.

Let's Begin.

Practical Solutions to Enhancing Great Qi and Suppressing Unwanted Energies in Your Home and Work Space

1 White Star (Opportunity and Romance) and 8 White Star (Prosperity)

Wherever the Opportunity and Romance Star as well as the Prosperity Star resides, there will be good opportunities for success in finance and wealth. To activate the wealth luck in these grids, place water features such as an aquarium or a desktop fountain and spend most of your time in these areas.

2 Black Star (Sickness)

The Sickness Star riddles its unfortunate location with health setbacks while damaging your physical and mental wellbeing prospects. Therefore, it is best to avoid or spend the least amount of time in the area where this star resides to safeguard yourself. Moreover, protect your loved ones and co-workers by advising them the same. You can also make use of pendulum clocks, metal wind chimes, metal ornaments and coin tassels to suppress the bad Qi. Brass singing bowls or metal bells may also be used to neutralise its bad energy.

3 Blue Star (Quarrelsome/Conflicts)

As its name suggests, the Quarrelsome Star impacts negative emotions leading to miscommunication, arguments and bursts of anger. Reduce spending time in this star's location as much as possible and suppress the bad energies with metal-based cures such as ornaments and red carpets or lamps.

5 Yellow Star (Misfortune)

The Misfortune Star has a potential to create havoc to a critical degree and hamper productivity and action. Do take note and spend only minimal time in the area where this star resides. You can also further protect yourself and the occupants in your residence and office with cures such as a glass or porcelain container filled with salt water and six coins within, a musical box, metal-based ornaments, a pendulum clock and a wind chime. You may also clear the energies of the Misfortune Star with the use of a brass singing bowl or energy clearing bell.

- The key to decorating the North this year is the minimalism approach – tasteful, tidy and basic.
- If your main entrance is located in the North, the tips above regarding warm light, candles and red-coloured carpet are especially good to bring your luck prospects higher.

NORTHEAST

Power, Strength and Influence (6 White Star 六白)

The Northeast Palace sees the arrival of the 6 White Star, also known as Wu Qu. This is a star of hugely positive energies that enhances Power, Strength and Influence luck, bringing about successful outcomes to your life. The 6 White is also a very strong reputation enhancer because it inspires you to become persuasive and get others to “bend” towards your favour. As a result, people will be impressed by your gifts and speak highly of you to others, enhancing your good name.

Those who are in the midst of building their business, people who wish to see success in their professional lives and budding entrepreneurs keen on expanding their social circles should spend most of their time in the Northeast areas of the home and office to receive the most rewarding gains.

Ox or Tiger people, those who are Gua 8 or young men aged below 15 years will stand to enjoy the best outcomes of the 6 White.

You can strengthen this star’s positive energies by following the tips below.

Adelina’s Tips:

- Metal-based items such as brass or copper bells, musical boxes and wind chimes are perfect for this location in 2024.
- Earthenware décor pieces are also welcome in the Northeastern area of your home and office.
- The positive energy of the 6 White Star can be increased all the more with the addition of crystals.
- Avoid lighting up candles in the Northeast as this action will lessen the good energies of the 6 White.
- As well, water-based cures such as aquariums and desktop fountains are absolutely unsuitable for the Northeast this year, so do ensure there aren’t any water features here throughout the year.

EAST

Love, Romance and Opportunities (1 White Star 一白)

The 1 White Star has taken up the East Palace as its home for the Wood Dragon year of 2024. This is one of the most auspicious stars in the Xuan Kong Flying Stars system as it carries very strong energies related to love, romance and opportunities abound.

The strength of the 1 White is twofold. One, it has the ability in enhancing your communication skills, leading to wonderful results related to your personal and professional life. And two, its Water element embodies Love, Marriage, Wealth, Business, and Career luck coming your way.

The 1 White is also known as the "Popularity" star! If you desire to have the spotlight on you to increase your business potential, or you wish for the attention of that special someone to begin a loving relationship, spend most of your time in the East.

Those born under the sign of Rabbit, men between the age of 30 to 45 years old and people of Gua 3 will be able to gain the best rewards from the 1 White, so make ample use of the Eastern front of your office and home. If your door is located here, you are also blessed with a double-energy of this auspicious star.

Enhance the good energies of the East area of your home and office all the more with some tips below.

Adelina's Tips:

- Activate this star with a water feature such as a desktop fountain, aquarium or small fish tank placed in the Eastern area of your home and office.
- Metal-based décor items are effective enhancers of the 1 White Star. It is recommended that you place metallic bells, windchimes and the like in the East.

SOUTHEAST

Sickness, Illness and Health Setbacks (2 Black Star 二黑)

Grand Duke Jupiter (Tai Sui)

One of the most negative stars in the Xuan Kong Flying Stars system, the 2 Black Star, has taken up residence in the Southeast area of your home and office this 2024. As well, Tai Sui (also known as The Grand Duke Jupiter) plagues this location too, and this increases the already deeply negative energies of the 2 Black. Physical and mental ailments, loss of money, accidents and loneliness plagues the Southeast this year. Moreover, this awful star also creates problems in relationships, leading to petty quarrels and even overblown fights between loving couples.

Observe the external forms outside of your home or office facing the Southeast. If you identify negative formations, it is likely that you may experience health issues to the hips, upper arms, thighs, shoulders or bladder. Furthermore, women who are between ages 30 to 45, people of Gua 4, or those who are Dragon or Snake people may find that they're much more affected by the 2 Black Star. But do not worry too much with these "doom and gloom" news, because with the right planning and adjustment you can effectively avoid these possible pitfalls.

Protect yourself, loved ones and business prospects by making use of the tips below.

Adelina's Tips:

- Avoid the Southeast altogether throughout the year if possible.
- If your working or sleeping arrangement is located in the Southeast, keep this area quiet, with minimal activities and don't to drag heavy furniture on the floor.
- Keep the Southeast area clear of any type of human interaction, if possible.
- Use metallic based cures such as pewters, weights and metal sculptures in the Southeast. A brass-make wu lou, or gourd, is an especially auspicious choice.
- Place a saltwater cure in this area by filling a glass or ceramic container with a salt solution of one-third sea salt or rock salt mixed with two-thirds water. Place six coins inside. Whenever the salt crystallises (clumps up), replace the solution with a fresh mix of salt solution.
- Do not use candles in this area.
- Halt any kind of planned renovations, interior design or construction overhaul projects in the Southeast this year to keep Tai Sui dormant. But if you find that doing any of these activities is an absolute necessity, you can proceed with very careful date selection. Begin the project by knocking the Northeast or Southwest area of your home or office with a hammer.

SOUTH

This all may sound a little worrying, but you can protect yourself from all these potential setbacks with the tips mentioned below. Before we proceed to that, please note that San Sha or Three Killings is also in the South location this year.

Individuals who sleep or conduct their work in the Western front of the home or office, or those who are Rooster people, of a Gua 7 or girls aged below 15 years may possibly see an increase in illnesses related to the mouth, tongue, throat, lungs, large intestines or spine. They may also find that they become sick really easily, and lose their appetites (for food, and for life) as a result.

If this is you, it's strongly advised for an immediate relocation to take place, or utilise the tips listed below to successfully remove or suppress the negative luck of this deeply troublesome star. As well, blood-letting will "sidestep" any chances of ill luck so do donate to the blood bank (it's for a good cause to help people in need, anyway!). Get a medical check-up with blood testing, too. Be careful when driving, when you're on the road, or handling sharp objects. Also, take the year 2024 as a time to involve yourself in self-enrichment pursuits – this effectively

negate the ill effects of the 5 Yellow. Enrol in courses that you have always had your eye on, and volunteer yourself towards good causes.

Protect your general prospects, keep others safe from harm as well, and sail through the year of the Wood Dragon without being affected by the dreaded 5 Yellow Star with these effective tips below.

Adelina's Tips:

- Dodge the bad luck of the 5 Yellow by under-utilising the West area of your residence and office. Keep the area quiet and advise all occupants to not step foot or conduct activity in the West.
- Use "sound energy" to cleanse and remove the bad Qi of this negative space. A Tibetan singing bowl played regularly in the Western area of your home and office will do wonders. In fact, store the bowl in this area for the rest of the year.
- Six copper coins placed in this location will effectively suppress the 5 Yellow's negative Qi.
- There is no question about it – relocate immediately to a better location if your bedroom or working space is in the West! If you cannot do this, the next best thing is to place a blue, black or grey floor mat or carpeting in this location. Place the six copper coins mentioned above underneath this mat. Place a brass wu lou or gourd as well.
- Metal cures are good to "stamp down" the Sha energy of the 5 Yellow. Place metal decors pieces such as sculptures and bells in the West.
- A saltwater cure is a useful, inexpensive but highly effective in squashing the ill intentions of this negative star. Make use of a saltwater cure in the West this 2024. Add six coins and some salt solution made up of one-third of sea salt or rock salt mixed with two-thirds of water in a glass or porcelain bowl. Check the solution now and then – if the salt has clumped or crystallised, refresh with a new batch of saltwater. You may reuse the coins.
- It is strongly discouraged to add any candles in this area.
- Avoid any kind of groundbreaking, contractor work, renovation or interior decoration redo in the West spaces of the home and office throughout the year. Those who cannot avoid this will be safe from harm by making use of auspicious date selection. Initiate any proceeding by first knocking with a hammer in the Northeast or Southwest.

NORTHWEST

Education, Self-Improvement and Romance (4 Green Star 四绿)

Year Breaker (Sui Po 破歲)

If there is a "sweet spot" in your home and office this Wood Dragon year of 2024, chances are it would be the Northwest! This location is blessed by the arrival of the 4 Green Star which is known for its good fortunes pertaining to academic luck, love and romance, as well as great advancements in your self-enrichment pursuits. Spend as much time as you can in this location.

The 4 Green Star is especially beneficial for children. Arrange a space for your child to read, work and study in the auspicious Northwestern area of your home. In fact, you can secure their best prospects while tapping into the auspicious 4 Green by getting more involved in their day-to-day studying activities and tutoring them here.

On a negative note, though the Northwest is blessed by the 4 Green, this location is unfortunately also the annual residing place of Sui Po Year Breaker. Those who are Dog or Pig people, possess a Gua 6, or senior-aged men may possibly be more at risk at getting affected by this negative star.

There is no need to worry overmuch, because you can dispel all the setbacks of Sui Po while tapping into the sweet energies of the 4 Green by following the suggestions below.

Adelina's Tips:

- Postpone any type of construction, renovations or groundbreaking works in this location to avoid aggravating Sui Po.
- For academic pursuits, enhance the Northwest location with four Chinese calligraphy brushes and also decorate with a vase filled with water as well as fresh green bamboo stems within. Indeed, potted fresh green plants in the Northwest can increase all the positive aspects of the 4 Green Star as a general rule, not just its Education Luck, so do use this tip!
- If you wish for more romance, regular displays of fresh flowers in water are a great way to receive good returns to your love life. Remember to replace the blooms and refresh the water when needed.
- The Northwest's good luck charm will wear off with the presence of candles, so don't decorate this space with such items.

CENTRE

Disputes, Money Issues and Legal Challenges (3 Jade Star 三碧)

The Central Palace sees the 3 Jade Star in residence this year, bringing negative energies that causes wealth-related setbacks as well as quarrels between friends, families, lovers and workmates. The 3 Jade is also especially vicious in creating havoc related to legal repercussions, illnesses and theft.

But take heart, because all is certainly not lost. Even though It seems like this negative star will be problematic to deal with because of its unfortunate location right in the middle of your house and office, its nasty effects can be suppressed, and even entirely removed. Counter the negative energies by making use of the tips below.

Adelina's Tips:

- Do not conduct any important business or pursuit whatsoever in the Central Palace of your home. This will easily suppress the 3 Jade Star's negative tendencies to harm you (and others).
- Warm lighting, red carpeting or red floor mats in the central area of your home and office will go far in removing the bad energies of the 3 Jade.
- Be mindful. Whenever you feel that your temper is rising, remember to breathe, take a moment and check in with your internal self.
- Plants are unwelcome in the Central Palace of the home and office this Wood Dragon year of 2024, so take note and avoid from placing any fresh potted greens here.

Explanations On Taboo Areas In Your Home And Office For The Wood Dragon Year 甲辰年

Tai Sui 太歲 Grand Duke Jupiter in Southeast 1 (112.5-127.5 Deg)

Tai Sui, also known as The Grand Duke Jupiter, is in residence in the Southeast area this 2024. It is strongly recommended that you stay clear from this area completely and moreover do not conduct any form of renovation works here for the time being. By abiding to this, you protect your well-being and safeguard your luck prospects from being tampered by Tai Sui. Those whose bedroom is located in the Southeast should quickly relocate but if you find this an impossibility, be sure to not sit facing your back to this direction. By doing so, you are able to reduce the bad energies of Tai Sui while tapping into its luck prospects to enhance work abilities.

San Sha 三煞 Three Killings in the South (157.5-202.5 Deg)

San Sha is also known as Three Killings because its name symbolizes the combination of three energetically negative forces known as Year Sha, Robbery Sha and Disaster Sha. San Sha is similar to Tai Sui Grand Duke Jupiter and Sui Po Year Breaker as it shifts to different locations on an annual basis, and negatively impacts specific directions and areas depending on the year.

San Sha is not as powerful as Tai Sui or Sui Po, but it does cover bigger ground, which means it can influence more people negatively. People who are born under the sign of the Horse may see themselves especially affected by San Sha.

Though San Sha sounds quite ominous, it's good to note that it's actually very easy to avoid its havoc altogether! The way to safely sail through the year unaffected is to keep San Sha dormant, or "asleep" throughout the whole year.

San Sha resides in the South this year, and this includes the Southern interior and exterior areas of the home and office. San Sha must not be "awakened" whatsoever, so keep the South quiet from 4th February 2024 (4.27pm) until 3rd February 2025 (10.10pm).

Avoid all manner of renovation, construction and redecoration works, as well as foundational and maintenance activities in the South. Do not conduct anything related to hole digging, wall nailing, the filling up of cracks and the dragging of furniture, too. Loud music and lively chats in the South are highly discouraged. As well, if you have a door located in the South, keep in mind to open and shut it quietly at all times – better yet, install a soft close hinge.

San Sha affects all people negatively, but those born under the sign of the Snake, Horse and Goat may feel the effects more.

Wu Huang 五黃 Five Yellow Misfortune Star in West (247.5-292.5 Deg)

The West is terribly inauspicious this year as it brings setbacks, obstacles, family troubles and other related problems that will cause unnecessary heartache. All these unwanted energies are caused by the 5 Yellow Star. To reduce its bad energy, simply avoid the area as humanly possible and moreover keep the area cordoned off of any activity whatsoever.

Utilize a saltwater cure to disrupt the bad forces of this star by placing a glass or porcelain vessel and adding six coins and some salt solution made up of one-third of sea salt or rock salt mixed with two-thirds of water.

Metal-based items such as sculptures, metallic bells or bowls will subdue the negative energies further. It is also advised for you to avoid renovation or construction projects in this location here as well.

Renovation And Construction Work Tips

For 2024, we highly recommend that you AVOID all kinds of ground-breaking, renovation and construction works in the Southeast, South, West & Northwest locations of the home.

If you find that you're unable to postpone any of the works listed above and you're forced to proceed, do so with a good date selection to start. Do get in touch with a professional Feng Shui Consultant for the most accurate date selection.
